Professional Summary

Highly motivated B.Tech Computer Science Engineering student with a strong foundation in programming, data analysis, and problem-solving. Passionate about applying analytical and technical skills to solve real-world problems in dynamic, collaborative environments, with a focus on leveraging data-driven insights to build scalable applications.

Education

SR University, Warangal <i>B.Tech in Computer Science & Engineering</i>	2023 – 2027 <i>CGPA: 7.76</i>
Sri Chaitanya Junior College, Khammam <i>Intermediate (MPC)</i>	2023 <i>92.7%</i>
Gitanjali Vidyaniketan, Khammam <i>Secondary School (SSC)</i>	2021 <i>CGPA: 10</i>

Projects

Jarvis Virtual Assistant	Project Link
- Built an AI-based voice assistant inspired by J.A.R.V.I.S. that understands spoken commands and automates tasks through speech interaction. - Implemented core functionality in Python, integrating speech recognition and task automation logic.	

Career AI	Project Link
- Developed an AI-powered career platform to assist users with resume building, career guidance, interview preparation, skill assessment, and job assistance. - Implemented personalized career recommendations based on user profiles and career goals. - Focused on creating a user-friendly interface and improving the overall career-planning experience.	

Skills

Programming Languages & Databases: Python, SQL, Java (Basic)

Web Development: HTML, CSS

Cloud & Networking: Amazon Web Services (AWS) Cloud Foundations, Computer Networks

Operating Systems: Operating Systems Fundamentals

Soft Skills: Analytical Thinking, Problem Solving, Communication, Teamwork, Adaptability

Certifications

- AWS Certified Cloud Practitioner, Amazon Web Services (AWS)
- Computer Networks, Cisco
- Operating Systems, Saylor Academy
- Computer Networks, Saylor Academy
- Software Engineering, Saylor Academy
- Building with Artificial Intelligence, Saylor Academy
- Complete Front-End Development Journey, Infosys Springboard
- Virtual Internship, Data Science – EduSkills

Achievements

- Participated in technical workshops covering Software Development, Cloud Computing, and Emerging Technologies.
- Solved coding problems focused on Data Structures and Algorithms (DSA), strengthening core programming and problem-solving foundations.
